RESPONSE TO RESTRICTION REQUIREMENT

RECEIVED
MAY 27 2004
TECH CENTER 1600/2900

Dear Examiner Mahatan:

In response to the outstanding Restriction Requirement of March 22, 2004, Applicants provisionally elect, with traverse, Group IV, claims 15-19 and 40, drawn to a solid surface of detection agents.

For a restriction requirement to be valid, the Examiner must establish that the search and examination of the entire application cannot be made without serious burden. If the search and examination of an entire application can be made without serious burden, the examiner must examine it on the merits, even though it includes claims to independent or distinct inventions. (M.P.E.P. § 803). Applicants respectfully submit that a search and examination of the claimed solid surfaces comprising detection agents would also entail searching for compositions comprising detection agents, posing no serious burden. Accordingly, Applicants respectfully

request examination of the Group III claims, drawn to a composition of detection agents simultaneously with the examination of the Group IV claims.

Any questions raised by this submission may be directed to the undersigned at (617) 832-1000. No fee is believed to be due in connection with the submission of this Response. The Commissioner is hereby authorized to charge any underpayments, or credit any overpayments, to our **Deposit Account No. 06-1448**.

Respectfully submitted,
